Student ID: 684968

Year of Enrolment: 2017

551AA

Ph.D.- Medicine, Dentistry & Health Sciences

Location: Parkville

A Statement of Enrolment is not available for graduate research courses. If you are also enrolled in a coursework course, the calculation of total enrolled load across the year will exclude the load for your graduate research course. For more information about your graduate research enrolment, please contact your [Faculty or Graduate School](#). If you need a formal statement about your enrolment, you may order an [Evidence of Enrolment](#).

This Statement shows the subjects enrolled, withdrawn, passed or failed as at the date of the Statement. Information about managing your enrolment (including Student Centre and Graduate School contact details) are available on the [web](#).

The census date is the last date you can withdraw from a subject without incurring debt or financial liability. If any details are incorrect, please contact your Student Centre or Graduate School before the relevant subject census date and allow three working days for requested changes to be actioned.
